<sup>1</sup> The finality of the Office Action is premature. The allowance of claims 4 and 25 was withdrawn in the outstanding Office Action. Claims 4 and 25 have now been rejected in view of prior art. Claims 4 and 25 were not amended in the last Amendment/Response filed August 24, 2007. Claims 4 and 25 are thus newly rejected and the last Amendment/Response could not have possibly necessitated the new grounds of rejection since there was no amendment to these claims. The finality of the Office Action is therefore premature.
